The 2017 9th International Conference on Advanced Infocomm Technology (ICAIT 2017) will be held in Chengdu during November 22-24, 2017, following the successes of previous events held in Shenzhen, Xi'an, Hainan, Wuhan, Paris, Hsinchu, Fuzhou and Hangzhou. This conference is sponsored by University of Electronic Science and Technology of China and co-sponsored by Shandong Normal University. ICAIT aims to bring together researchers, developers, and users in both industry and academia in the world for sharing state-of-art results, for exploring new areas of research and development, and to discuss emerging issues on advanced infocomm technology.

This year the symposium will feature plenary talks given by world renowned scholars, and regular sessions with broad coverage and popular topics. Renowned for its historic relics and natural beauty, Chengdu is known as one of the most livable cities in China. We are looking forward to seeing you here in Chengdu.
